

# APARTMENT CLEANING *Checklist*

Hey there ,  
this is Olga

Cleaning should be FUN!

Whether you're setting up your first apartment, your cozy house, or any space you call yours, my curated resources are here to guide you. Explore this simple checklists for every corner of your home, making it easy for you to create a welcoming and shiny space.

# DEEP CLEANING

## Kitchen

- Clear countertops of clutter and wipe them down with a multi-purpose cleaner.
- Clean the inside and outside of appliances such as the microwave, oven, refrigerator, and dishwasher.
- Don't forget to clean inside cabinets and drawers, removing any crumbs or spills.
- Clean the sink and faucet with a mild cleaner or vinegar solution to remove stains and mineral deposits.
- Sweep or vacuum the floor then mop with a suitable cleaner.

## Bathroom

- Spray down surfaces such as countertops, sinks, and the bathtub/shower with a disinfectant cleaner.
- Scrub the toilet bowl with a toilet brush and toilet cleaner.
- Clean mirrors and glass surfaces with a glass cleaner or vinegar solution.
- Remove any mold or mildew from grout lines or tiles using a bathroom cleaner or a mixture of bleach and water.
- Sweep the floor and then mop with a suitable cleaner.

## Living Room

- Use a microfiber cloth to dust furniture, shelves and electronics.
- Vacuum carpets to remove dust, dirt and pet hair.
- Clean windowsills and glass surfaces with a glass cleaner or vinegar solution.
- Wipe down light switches, doorknobs, and other frequently touched surfaces with a disinfectant cleaner.
- Vacuum or sweep the floor, paying attention to corners and under furniture.

## Bedroom

- Strip the bed and wash bedding, including sheets, pillowcases, and blankets.
- Dust furniture, including nightstands, dressers, and bed frames.
- Vacuum or sweep the floor, including under the bed.
- Clean mirrors and glass surfaces with a glass cleaner or vinegar solution.
- Don't forget to dust and wipe down baseboards and light fixtures.
